

Core to College 2013-14 Application Form
Online Grant Management System (OGMS) Version

Section 1

Primary Core to College Partnership Team

Provide an updated list of the core team members (including titles, departments, and email addresses) who are actively involved in leading and/or implementing the project.

Section 2

Project Update and Progress Report

2A. Summarize briefly the specific activities you and your team have completed since the beginning of your *Core to College* project; what were the major accomplishments for the first year of the project? (max. characters: 1,500)

2B. What specific challenges/obstacles have you encountered so far in organizing your team and implementing the work of your project? Indicate for each challenge/obstacle how you have attempted to resolve the issue and how successful you've been in addressing the challenge. (max. characters: 3,000)

2C. Describe your goals for 2013-14 along with major activities to be implemented as part of your project. Indicate any revisions and/or additions you are making to the plans you outlined in your original proposal and provide a rationale for any changes. (max. characters: 3,000)

Section 3

Communication & Collaboration

3A. What kind of ongoing communication efforts have you utilized to inform faculty and staff in your college and partner districts about the work you're doing and help them stay current on Common Core and Smarter Balanced implementation efforts? (If possible provide web links and/or post examples to your partnership page at the Core to College working site: <https://sites.google.com/site/wacoretocollege/> (max. characters: 1,500)

3B. What resources, activities or tools (and in particular web-based ones) would be most useful to you and your team in supporting your communication efforts and helping us foster cross-project collaboration? (max. characters: 1,500)
